

6 ft Teardrop Feather Flag

PAGE SAFE AREA

The blue line marks the safe area. Keep any wording or important parts of your artwork within this area to prevent it from being trimmed.

VIEWABLE GRAPHIC AREA

The lighter green line marks your graphic after it has been trimmed and hemmed.

Viewable graphic area: 20.75"w x 52.25"h
File dimensions with bleed: 26"w x 54"h

STITCHED HEM LINE

The magenta line marks the hem stitch. This is where hem stitches will run through material and viewable graphic area.

BLEED

The darker green line indicates the bleed area. Leave 1/2" margin of bleed along the pole edges and 1" margin of bleed along all outer hemmed edges. The black reinforced edging material will be added to the appropriate side and top edge of your flag to create the pole pocket needed to slide onto the provided flagpole.

Reinforced black pole pocket added to this edge
